

Why ACI?

Color Quality and Accuracy

Color quality and order accuracy are always our focus for your orders. Every order includes in the price a PDF proof of the rendered files from your order. You can check to make sure everything in your order looks as you expect it to look, and, it will give you a good idea of what your final color will look like. If color match is needed, we offer a hard copy high resolution color proof to show you the exact color of the files that you will get when your order is printed. Proof cost for an order such as postcards is \$30. Magazine proofs are \$20 per page.

Turnaround Time

Our goal is to always ship your orders as fast as possible. Most orders should ship out 3-5 days after proof approval.
