Art of Magic and Light® Walk-Through Part 1

Special Instructions:

Do you have any special instructions for this order?
1500 character limit. If you require more, please [email our album design team](#) your instructions.

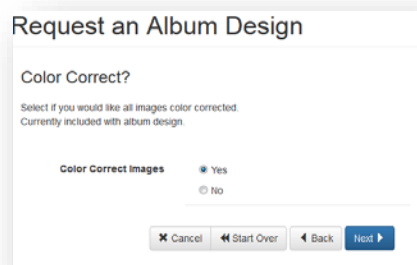

Instructions

You will click Finish and then you will upload the images to us. We will complete the magical artwork and add the images to a gallery online on EventProofs. You can then order products through EventProofs to meet the \$200 minimum before you are able to download the high res images.

Per terms and conditions: For Magical Artwork on images only, there will be a \$10 per image charge, which includes recommended magic artwork, color correction, and gallery upload. The high-resolution magic files will be available for download after the \$200 minimum purchase of Art of Magic and Light® services and product at ACI is met. Any additional magic needed will be at \$60 per hr. charge.

Example: If you submit 6 images it will total to \$60, meaning you have to spend another \$140 to meet the \$200 minimum. This can be met through product sales. If you submit 20 or more images, you meet that \$200 minimum right away and can download your high resolution files immediately.

If you choose **Album Design with Magical Artwork** it will take you through the album design questions. You will first need to choose if you want the images color corrected.

Art of Magic and Light® Walk-Through Part 1

You will then need to fill in the back cover text info. We need the child(ren)'s names to add to the first spread and to the back of the book.

- If there are more than 3 children it will say the children on the first page and we will still list the names on the back cover.
- If you have 3 or less, we will list out their names on both the first page and the back cover. See example of back cover below.
- If you leave web address blank, then the comma before it will disappear.

Stories

Christmas With Santa

This nostalgic, family oriented book features a poetic and whimsical story of your child's dream on the night before Christmas. Your child dreams of visiting Santa at the North Pole. A fun, magical, and Christian theme is woven into the poetry.

12-13 Required Images

Once you hit Finish you will be taken to the Uploader to upload the images to us. Images should be in chronological order with file names with leading zeros (i.e. 0001, 0002...)

Important Album Design with Magical Artwork facts:

- The album is always in a square format (i.e. 12x12, 10x10, etc.)
- Always has a full wraparound cover (Canvas or photographic)
- 1st revision is free. And subsequent revision will be at \$15 per revision.
- Any additional “magic” artwork you need added will be at a \$15 per ¼ hr. charge (even if it falls within the 1st revision).
- If the designer notices that an image is out of order from overall Storybook text, it is up to their discretion on if it is moved. So it is imperative that studios submit their images in the proper order.
- Once the album design is approved, high res downloads of the images from the storybook will be available as a gallery in your EventProofs account under Galleries>All Galleries.
- If magic is done by the studio, but you want us to layout the album for you that \$100 design fee still applies!

Once we complete the Magic and Album Design we will post the presentation. You will then be able to make 1 free revision. After you use the 1 revision you will be charged \$15 per revision. We will also post the Magical images as a gallery onto their EventProofs account so you can order products through EventProofs or download the high res files.
